Sarah:

Thank you for your call today. I would recommend to you that should you have concerns regarding the Mountain Village Property for the use as a medical center and its associated wetland issues (and management plan) to reach out to the Medical Center's attorney, Tom Kennedy. His phone # is 970 728 2424 or email is [tom@tklaw.net](mailto:tom@tklaw.net).

As we discussed the Mountain Village is a separate governmental entity and we have no affiliation or jurisdiction over their land use. Thanks again.
